

Before

(lyrics)

Before the first sunrise
Before the moon shone bright
Somebody saw me, somebody knew me
Somebody loved me

Before the mountains grand
Before the sea or land
Somebody saw me, somebody knew me
Somebody loved me

O what wondrous love is this?
O what wondrous love is this?

Before the stars had names
Before the season's change
Somebody saw me, somebody knew me
Somebody loved me

O what wondrous love is this?
O what wondrous love flowed from the God
Who saw me, and knew me
He loved me

Before the first day dawned
Before the angels' songs
Somebody saw me, somebody knew me
Somebody loved me
